

> Brief introduction

Hzver included Hzver Electrical Equipment Co., Ltd. Shanghai Ronger Electrical Technology Co., Ltd.; Shanghai Yanzhao Electronic Technology Co., Ltd.; Ningbo International Cooperation Co., Ltd.; We are specialized manufacturer and export for the low voltage electrical equipment and electronics produces. and also committed to research and development for green energy (solar and wind power products).

We have developed and exported main products: Inverter KBO Controller, Breakers, Contactors, Relays, Fuses, Meters, Switches, Cable Gland, Terminal Block, Plug & Socket etc.. And we newly developed the Solar and wind power main products :Solar modules, Solar charger controller, Power meter, Solar connector, Solar cable, Power inverter etc.. We have gotten the CE, VDE, SEMKO, TVU, UL etc. approvals. We can manufacture the products according to the given drawings and the samples.

Hzver has established long term business connections with thousands of clients from more 158 countries. Competitive price, superior quality and excellent service make our company enjoy high reputation on the world market.
